Strudels by Mattie's Strudel Haus are made the old-fashioned way, traditional hand stretching and then filled with home-made fillings. All our fillings are made in-house with fresh ingredients; no preservatives are added. After our strudels are made, they are quickly frozen, allowing customers to "take and bake" conveniently. The ingredients along with the baking instructions are listed on each label.

It is encouraged that prior to launching the fundraiser to your organization, we have a meeting with you to select the strudels you want to include for your sale so that you feel confident in your commitment. After the strudel flavors are chosen, we will complete and provide a customized sell sheet, order form, and/or coupons and an excel sheet will be personalized to your function to help understand your profit. (See attached example).
